

# Curotto-Can Automated Carry Can

The **Curotto-Can**  
The Future of Automated Collection

The **Curotto-Can Automated Carry Can** has the fastest load time of any automated system on the market and delivers a proven 25% to 30% productivity advantage over automated side loaders.

By using the robust reliability of a front loader, this carry can delivers game-changing performance that will enable you to service more customers, more quickly, in more applications.

## Key Features

- Fastest load time available — 4–5 seconds from wheel stop to wheel go
- 20% greater fuel efficiency due to less packing and idling
- Navigate cul-de-sacs up to 20% faster
- Eliminate cart loss and associated costs
- Eyes-forward operation reduces risks for repetitive stress injuries and enhances operator and public safety
- Reduce contamination rates to less than 5%
- Larger payload means fewer trips to the landfill or recycling center
- Load bulk material and eliminate the need for a chase truck
- Convert any commercial front loader to a residential collection unit in minutes

**Environmental  
Solutions Group**
